Why We Made AlumniConnect

In order to cultivate university relations with alumni and better serve them, Cairn University has put forth an initiative called AlumniConnect. This database system* will serve to keep alumni informed about the university in hopes that they will maintain contact, invest in present students, participate in university activities, and financially support the growth and vision of the university. As alumni invest in the school and participate as in extracurricular events, fairs, or even as chapel speakers, they increase the networking ability of the university and the students. Alumni also open the possibility of adjunct teaching for night classes and new majors. As they invest in present students, they inspire the next generation to do likewise and build strong ties with the university long after graduation.

About Us

"Throughout history, people have used cairns as milestones and trailmarkers to help navigate difficult paths and remind them of those who have gone on before them. Like its namesake, Cairn University bears witness to the foundational truths of scripture and sends students forward with professional competence and character."

A RICH HISTORY

Cairn University was founded in 1913 and enjoys a heritage that spans over one hundred years.

A BRIGHT FUTURE

Today, with over 70 academic programs and specializations, Cairn is one of the most thoroughly accredited schools of its type.

Description: Chapel at Cairn University exists to provide an expression of our worship and identity as an academic community of believers with a deep commitment to Christ as we live out the mission of the University. Chapels provide opportunities for the development of a personal and communal biblical worldview by teaching Scripture, addressing issues related to Christian living, and experiencing corporate worship.

Invitees: Student Event (1 hour)
